

## **Kono Kogs, Inc. Welder/Fabricator**

Established in 1996, Kono Kogs, Inc. is a privately owned company who has now come the world's leading supplier of used thermal oxidizer systems. Kono Kogs, Inc. makes air pollution control more affordable by offering quality, refurbished thermal, catalytic, and regenerative thermal oxidizers to our clients to meet their stringent air permit regulations.

We are looking to add a 1<sup>st</sup> shift Welder/Fabricator to our team! We provide a casual and flexible working environment and a great opportunity to get on board with a growing company.

### **Job Responsibilities**

This position is responsible for reading and interpreting blueprints, wire diagrams and vendor specifications to perform MIG, TIG and stick welding. This candidate will be responsible for mechanical assembly operations to precise tolerances; position and align parts using fixtures, jigs and templates which includes working with rotating shafts, gear trains, mechanical structures, and sprockets. Our ideal candidate will have a keen eye for detecting defective material, unusual conditions, or operating difficulties.

### **Qualifications**

The ideal candidate for this position will have a Technical or Associates degree in welding or an equivalent experience in lieu of a degree. This person must be able to successfully perform in both a team environment and individually and have a strong mechanical aptitude as well as proficient math skills, specifically fraction and decimal conversion.

### **Excellent Opportunity**

- Competitive Salary
- Medical Insurance
- Life & Disability Insurance
- Paid time off and Paid Holidays
- Advanced technology and equipment
- Strong and supportive company in a growing industry

### **Apply Today!**

We hire the best talent in the industry to be part of our team. If you would like to be part of an innovative and growing company and fit the description above, we would like to hear from you.
