

## **Kono Kogs, Inc.**

### **Field Installation Supervisor**

Established in 1996, Kono Kogs, Inc. is a privately owned company who has now come the world's leading supplier of used thermal oxidizer systems. Kono Kogs, Inc. makes air pollution control more affordable by offering quality, refurbished thermal, catalytic, and regenerative thermal oxidizers to our clients to meet their stringent air permit regulations.

We are looking to add a Field Installation Supervisor to our team! We provide a casual and flexible working environment and a great opportunity to get on board with a growing company.

#### **Job Responsibilities**

This position is responsible for managing and supervising installation teams while providing leadership to ensure safety. The Field Installation Supervisor will work directly with sales and project managers to understand and meet client requirements while also coordinating with sub-contractors to schedule field labor. This person will also assist with staging and delivery of materials and equipment. In addition this person must be able to demonstrate skills in MIG, TIG & Stick Welding with the ability to read and interpret blueprints, wiring diagrams, and vendor specifications with minimal supervision to dismantle and reassemble machine sub-assemblies using various hand and power tools.

#### **Qualifications**

The ideal candidate for this position will have 5+ years of industrial field service with a strong mechanical background including industrial ductwork and millwright experience. This person must have supervisory experience and excellent interpersonal skills with the ability to interact with all types of customers.

#### **Excellent Opportunity**

- Competitive Salary
- Medical & Dental Insurance
- Life & Disability Insurance
- Paid time off and Paid Holidays
- Advanced technology and equipment
- Strong and supportive company in a growing industry

#### **Apply Today!**

We hire the best talent in the industry to be part of our team. If you would like to be part of an innovative and growing company and fit the description above, we would like to hear from you.
